History:

Marie is now 32 years old, she began to sing in her father's choir, age: 4 years.

At about 15 years of age, Marie has discovered the Band life, grunge period when bands were all playing covers of Nirvana and Spin Doctors.

At 20, Marie applies for the TV Show "Pour La Gloire" with an unusual song for the program "Alanis Morissette – Uninvited", Finalist.

Following the show, Marie meets musicians and formed the band noProd with whom she will sing for about ten years.

Marie has also stepped on a few stages in Germany in the choir, hang yourself, of Helmut Lotti, but it was really a long time ago ...

But Marie wants to travel and take a break so she left Belgium and lived in Australia for few years to rest her voice and clear er head.

In February this year, Marie lands in Auckland, New Zealand and decide to devote her time to music. She creates her “own little project” as she calls it: My Blue Dress.

Purpose: to take you on a journey through the maze of her illusions and yours.
